Give. Volunteer. Change Lives.

Every person deserves to be equipped. In health. In education. In purpose. That's what The Fire Network is built to do.

THE PROBLEM WE'RE SOLVING

Across Dallas-Fort Worth, and across America, two gaps are quietly shaping the trajectory of entire communities.

The first is a health gap. Millions of people, disproportionately in Black and brown communities, are living with chronic disease that is largely preventable. The problem is not a lack of desire to be healthy. The problem is a lack of access to the tools, education, and coaching that make prevention and change possible.

The second is an education gap. Millions of students go home after school to environments without tutors, without structured support, and without the resources that students in higher-income communities take for granted. Student-athletes are told their talent is their ticket and the academics get left behind.

The Fire Network equips people to close both gaps. Fire Fitness & Athletics equips communities in health. The Fire Academy equips students and families in education. And as the network grows, we will keep building what is needed, equipping people in health, education, and purpose.

- **Mentors** — Equip student-athletes with encouragement, accountability, and life guidance
- **Administrative Support** — Help with outreach, scheduling, and program coordination

OUR COMMITMENT TO YOU

When you invest in The Fire Network, you will know exactly where your support goes. We are committed to full transparency in how every dollar and every volunteer hour is used to equip the people and communities we serve.

This is not charity. This is an investment in people who are ready to be equipped, and in communities that will never be the same because they were.

OUR MISSION & VISION

Mission: To equip individuals and communities with the tools, knowledge, and support they need to thrive in health, education, and purpose.

Vision: A world where every person regardless of zip code, income, or background is fully equipped to live well, learn fully, and walk in their purpose.

The Fire Network equips people. In health. In education. In purpose.
